500W UHF AMPLIFIER

500W UHF Power Amplifier – High-Performance RF Amplifier from UMT LLC for 300-500 MHz in T2 systems and TV applications

Inputs	
Number of video channels, interface	
Number of TS channels, interface, connector	
Video	
Input video resolution	
Video encoding	
Bit rate modes	
Video bit rate range per channel	
GOP structure	
Audio	
Audio encoding:	
Bit-rate	
Audio gain	

Multiplexing	
Multiplexing processing	
Maximum PID remapping	
Outputs	
Number of ASI outputs, connector	
IP output channels, connector	
Supply	
Environment	0~45 (work) -20~80 (storage)
Supply voltage, power	AC 100...240V, 50/60Hz

Taking into consideration that we (UMT LLC) are developer and system integrator, also do not stop on our technical growth and improvement, know that view of all our devices and equipment including their technical parameters may be different from pictures presented on website and parameters listed on each device webpage.

Note! *All details customer has to confirm in advance during ordering and before payment. Those parameters that were not specified and / or were not agreed while ordering will be implemented as basic at the discretion of the manufacturer. Each our customer has 1.5 year warranty and 7 year aftersales support for whole range of our products.*
